**Wines' annual Disability Awareness Workshop:
a hands-on, activity-based workshop for 4th graders**

Wednesday, March 18, 2020

8:30AM to 12:00PM

We need about 25 volunteers from
approximately 8:30AM to 12:00PM

For more information contact Jessi Averill:
jessi.averill@gmail.com or 267-495-6208

This activity-based workshop helps students understand how challenging and complex daily life can be for individuals living with a variety of disabilities. The goal is for students to experience—through this hands on event—that each of us should be respected and included in daily community life no matter how we may look, act, walk or talk.

Volunteers need not have students who are in the 4th grade.

Easy instructions are provided for running the workshop stations.
